Ask Your Child About:

- how to count up when making change. (Try it over the weekend!)
- using words you know. Since s/he knows how to spell bike, car, van, and train, what other words can s/he spell? (Examples: alike, entertain)
- how s/he planned his/her favorite object writing. What words did s/he use to describe his/her favorite object?
- "the Gist." How did we use this strategy to write a summary of 26 Fairmount Avenue?
- the length of the day! What time did the sun rise today? What time will it set? How many hours of daylight is that?
- Calendar Writing! About which month did s/he write? Why?
