

Ask Your Child About:

- how to add two numbers using the partial sums method. (Example: $234 + 182 = 300 + 110 + 6 = 416$)
- our author study of Patricia Polacco! What did s/he learn about Patricia Polacco through our webquest? Who is his/her partner? Which Patricia Polacco book did s/he and his/her partner choose for their author study?
- Mr. Lincoln's Way, a Patricia Polacco book. Did s/he enjoy the book? Why did Eugene behave the way he did? What is an atrium? What did Eugene help Mr. Lincoln do? How did Mr. Lincoln help Eugene?
- how to infer. What does it mean to infer something? What types of things were we able to infer while we read Mr. Lincoln's Way?
- how to subtract using the trade-first strategy. What are two ways we can check our subtraction? (ballpark estimate and addition)
- how to round numbers. Round 36, 81, 45.
- there, their and they're. What does each word mean? What are they called? (homophones)
